III		AVIGATION ISM FOR FUTURE RUNWAY PROTECTION ZONE	15.98	STATE OF ALASKA, D.O.T. & P.F.	TO BE ACQUIRED	
IV		AVIGATION ISM FOR FUTURE RUNWAY PROTECTION ZONE	13.97	STATE OF ALASKA, D.O.T. & P.F.	TO BE ACQUIRED	

* TRACT AND PARCEL LABELS SHOWN AS DASHED TEXT ON THIS MAP. REFER TO THE ALASKA DEPARTMENT OF TRANSPORTATION DESIGNATIONS SHOWN ABOVE. BASED ON A PRELIMINARY PROPERTY PLAN, DRAFT DATE 12/11/02

MAP NOTES

This map was prepared by the Aleutians East Borough (AEB) in cooperation with the Department of Community and Economic Development (DCED) using funding from the Coastal Impact Assistance Program, BEH Mini-Grant Program, Bureau of Indian Affairs Transportation Planning and funding from the Initiative for Accelerated Infrastructure Development (IAID). The IAID is supported by grants from the Dredge Commission, USDA Rural Development, Alaska Department of Transportation and Public Facilities and DCED. The AEB contracted with McEntock Land Associates in May of 2006 to prepare the map.

This map is based upon a digital orthophoto prepared to National Map Accuracy Standards from August 8, 2002 photography (nominal scale 1" = 250') an orthophoto is an aerial photo which has been corrected, by rectification to ground control stations, to remove distortions and warpage, generally caused by the ground topography, and the altitude tilt and tilt.

Property and utility information has been generated from readily available sources with limited accuracy checks. Property information does not include a complete search of sources (this records utility location is particularly imprecise and shows only the main lines as the service lines have been omitted for clarity. Generally, the information is current as of January 2003.

This map should not be construed as a survey; on-site surveys should be conducted prior to engineering and/or construction.

COORDINATE SYSTEMS
Horizontal Datum-NAD 83 Alaska State Plane Zone 7(2EET)
Vertical Datum-NAD 83 based on CORS STATION "sp 1" COLD BAY
Vertical Datum-NAD 83 based on CORS tie to "sp 1"

TOPOGRAPHIC & PLANIMETRIC DATA
All topographic and planimetric data was collected utilizing stereo photography synchronous with the photography used for the orthophoto production. Topographic data was prepared to National Map Accuracy Standards for a 2' contour interval. Topographic data located in densely vegetated areas should be considered less accurate and may not meet those standards mentioned.
