SCALE: 1"=200'  
Date of Photography: August 8, 2002 SCALE IN FEET  
Magnetic Declination computed by U.S.G.S. Geomag Program using AK-2000.COF model as of January 2, 2003. SHEET 1 of 5

**MAP NOTES**  
This map was prepared by the Aleutians East Borough (AEB) in cooperation with the Department of Community and Economic Development (DSED) using funding from the Coastal Impact Assistance Program, KOD Mini-Grant Program, Bureau of Indian Affairs Transportation Planning and funding from the Initiative for Accelerated Infrastructure Development (IAID). The IAID is supported by grants from the Dena'ina Commission, USDA Rural Development, Alaska Department of Transportation and Public Utilities and KOD. The Alaska Native Tribal Health Consortium provided extensive sanitation facility records. The AEB contracted with McClintock Land Associates in May of 2002 to prepare the map.

This map is based upon a digital orthophoto prepared to National Map Accuracy Standards from August 8, 2002 photography (nominal scale 1" = 822'). An orthophoto is aerial photo which has been corrected, by rectification to ground control stations, to remove distortions and warpage, generally caused by the ground topography, and the atmospheric tilt and lens.

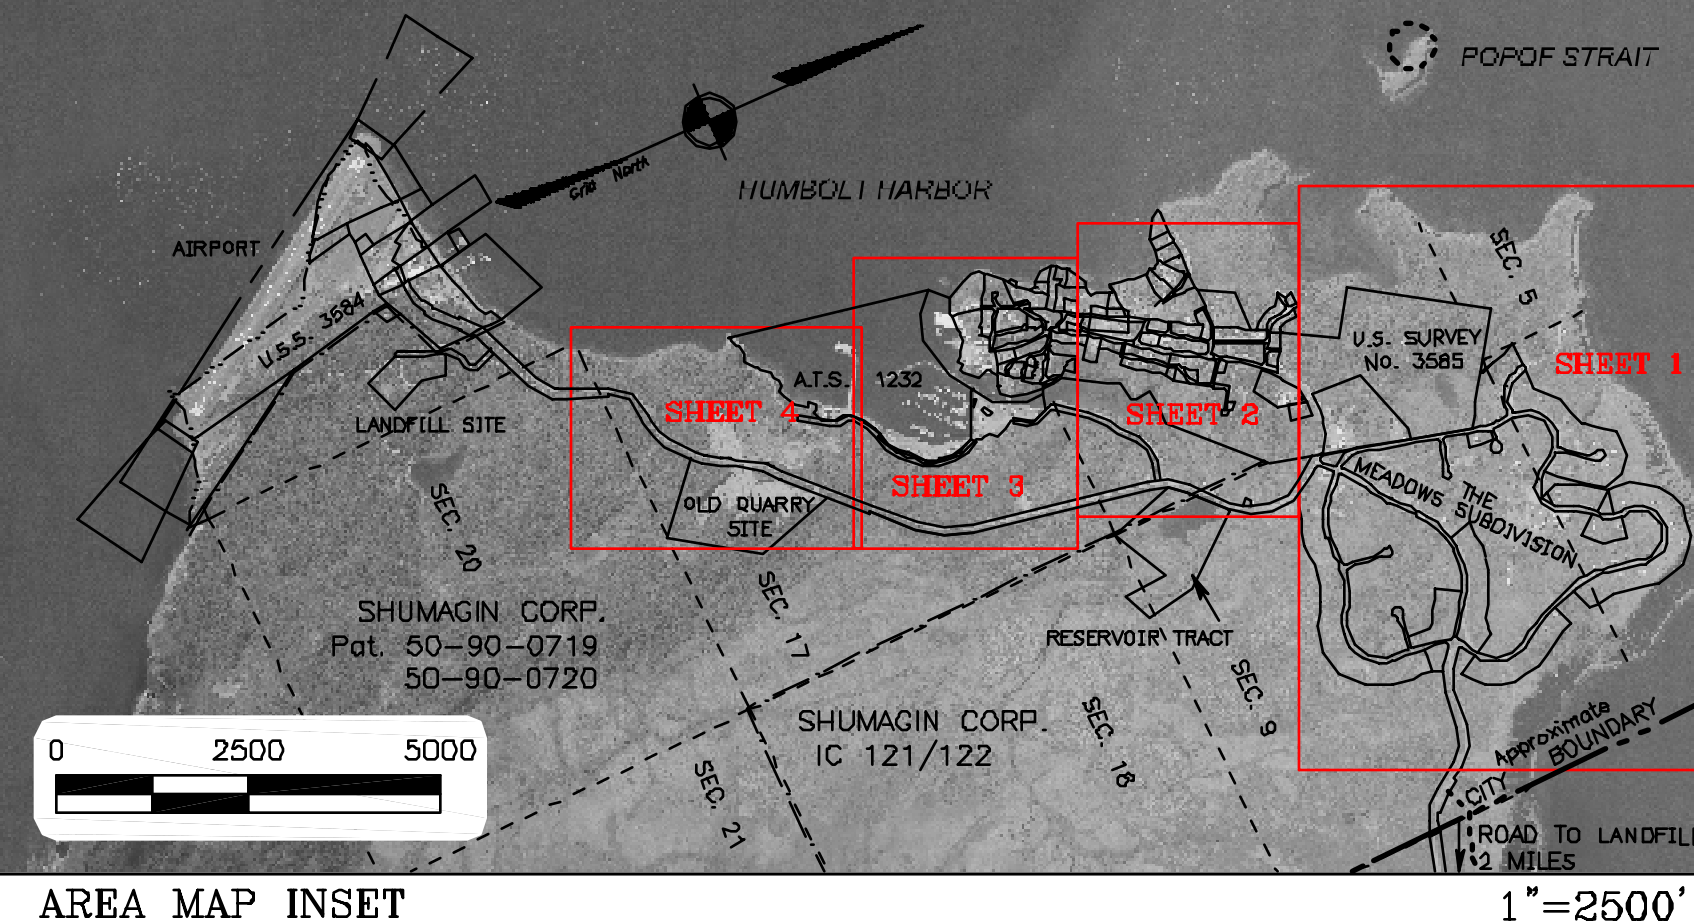

Property and utility information has been generated from readily available sources with limited accuracy checks. Property information does not include a thorough search of Recorder Office records. Utility locations are particularly imprecise and shows only the main lines as the service lines have been omitted for clarity. Generally, the information is current as of January 2003.

This map should not be construed as a survey, on-site surveys should be conducted prior to engineering and/or construction.

**COORDINATE SYSTEMS**  
Horizontal Datum—NAD 83 Alaska State Plane Zone 7(FEET) based on CORS STATION "bay 1" GOLD BAY  
Vertical Datum—NAVD 83, based on CORS tie to "bay 1"

**TOPOGRAPHIC & PLANIMETRIC DATA**  
All topographic and planimetric data was collected utilizing stereo photography, synchronous with the photography used for the orthophoto production. Topographic data was prepared to National Map Accuracy Standards for a 2" contour interval. Topographic data located in densely vegetated areas, should be considered less accurate and may not meet those standards aforementioned.

- ### TOPO AND PLANIMETRIC LEGEND
- Culvert
  - Rock
  - Sign
  - Swamp
  - Tree Line
  - Flowing Water
  - Edge of Water
  - Trail
  - Fence
  - Guardrail

- ### BUILDING KEY
1. Sand Point School
  2. City Water Tank
  3. Water Pump Station
  4. KSDP Radio Station
  5. Kelly Avenue Sewer System
  6. ATT/Alascom Telephone Tower
  7. Tribal Recreation Center
  8. Unga Tribal Building
  9. Shumagin Distributors Corp.
  10. United States Post Office
  11. Qagan Tayngungin Tribe
  12. Aleutians East Borough
